**JAPAN INTERNATIONAL CONTENTS FESTIVAL 2008**

**Events have just been decided!**

**-15 Official Events & 10 Partner Event all over Japan-**

As the Japan International Contents Festival (Called 'CoFesta') will be held, the Japan International Contents Festival Committee (Tokyo) has decided official events and partner events.

14 events had been decided as official events already. And this time "Tokyo Contents Market 2008" has been added to them, so the number of official events amounted to 15.

The committee invites public participation in CoFesta in all over Japan, and we accepted 10 events after judging them strictly.

In consequence various events will be held in various parts of Japan between September 30(TUE) and October 28(TUE).

And "Passionate 3 Hour Talk Show" which was held last year as an official event will be held as an original event this year.

Besides in the middle of July, we will release information of CoFesta more.

Wait and see!
